- Print the Bingo Cards and the large pictures on white card stock
- If the game is going to be played more than one time pages can be laminated
- With scissors cut the Bingo cards and pictures out around the outside black lines.
- Purchase Smarties Candy.
- Purchase two prizes for the winners.
- Purchase a 6 x 9 inch or larger clasp envelope. The prizes, candy and bingo game should fit inside the envelope.
- Print this page on regular paper. Cut out the Bingo game instructions and glue on the front side of the clasp envelope. Cut out the Gift label and glue it on the clasp side of the envelope.

How to play the Christmas Bingo Game

- Each participant receives a Bingo card and a package of Smarties Candy.
- The person who is in charge of the game will hold up the large pictures one by one. Describe the picture and allow participants enough time to find the picture on their Bingo card and place a candy on the picture.
- The winner of the game is the first person to get 4 pictures in a row. It can be crosswise, up and down or diagonal. Give the winner a prize.
- Tell the participants to now remove all of the candies off their Bingo card.
- Show them the Santa in the sleigh picture and tell participants to find the picture (below). There is only one card with this picture. The participant who has the picture on their card is the 2nd winner.
